SALT LAKE CITY,
UTAH,

Dec, 1, 1923.

Board Of Pardons.
State Capitol Bld'g,
City.

Honorable Sirs;

Just a few lines to you gentleman regarding my case. I am a native of Utah, and this is my first time ever in trouble, I was working at the New Scotia Mining Co. in Juab County Utah, and the Company gave me for my labor a worthless time check, which I could not cash any where, so I asked them to cash it for me but they told me I had to be in Salt Lake City the following day at 9 oclock if I wanted to get my money. So in order to get to Salt Lake City I had to start that night, but I couldn't get no gasoline for it was to late. So I took a few gallons of gas, and I was sent here for it.

Mr. Fisher Harris and some few other Salt Lake Business men were at the head of the New Scotia Mining Co. at the time they gave me the worthless check. So trusting you gentleman to give me another chance because my old Mother needs my support, and I'LL promise you that I will never get in any trouble of any kind again. So hoping and trusting for the best.

Respectfully Submitted.

Irven King.
