

Salt Lake City, Utah  
June 16, 1924

Governor Charles R. Mabey  
President, State Board of Pardons  
State Capitol  
Salt Lake City, Utah

Dear Sir:

At the request of Mrs. E. C. Whipperman I have been requested to write a statement relative to my former acquaintanceship with her husband, Mr. E. C. Whipperman, who is now confined in the State Penitentiary and whose case will be heard before the State Board of Pardons at its next session.

I desire to state that from July 1919 to approximately March 10, 1920, Mr. Whipperman was employed under my direction as First Aid Man at the Relief Station of the Magna Plant of the Utah Copper Company. During that period of time he rendered satisfactory service and so far as I know his reputation was good and his life was above question. Since the last date mentioned, however, I have had no dealings with Mr. Whipperman.

Respectfully,

  
B. W. Black, M. D.
