Honorable Board of Pardoners.

Dear Sirs.

I have a wife and five children depending on me for their support. My wife's health is and has been very poor for some time. She is in need of an operation. She should of had it done after the last baby was born, a year and half ago. She has a bad heart, and is subject to fainting spells. Her blood is very thin and has but very little. The children and folks thought twice she was dead in the last five months when she takes them fainting spells. She has been and still is under the doctors care. She takes two treatments a week. Truly Sir it is impossible for her with them five small children and she is always so tired, she is good never sick or has asked for any help of any kind, but she should be in bed instead of working. Truly Gentlemen they need my support very much and it is for this reason beside I would like very much to prove that I can be a man, that I am trying to get up on this Board. And for these reasons Gentlemen I ask that you would be so kind as to give me a consideration. Thanking you for the same.

Yours Very Truly
Lester Hansen.
