Affiant further deposes and says; that she has good reason to believe that if a parole is granted to my boy, that he will be able to get work and obtain means to help his destitute wife and children- for the reason that he is used to cement work, and to the making of cement blocks- and that there are parties now, who would give him employment at this labor provided he could be paroled out-

And for the reasons stated- that my boy may work and support his wife and minor children, who are so sadly in need of his help at this time- this affiant as his mother- represents the true state of the condition of the wife and children of my son, and the urgent and pressing need that he soon be paroled out- that he may provide for their wants and administer to their necessities-

And your affiant prays for the favorable consideration and leniency of your Honorable Board, in his behalf at this time- that you may see fit to parole him- and set him free to provide and labor for his family, who are now so much in need-

Given under my hand this 13th day of March- A.D. 1925.
