

arrested, but that fellow at Keith's O.'Brien wouldn't let me. He said he didn't want the money. The officers that arrested me can prove that. If they will tell the truth. So you see I wanted to right my mistake. I know I should be punished for my mistake and I have been punished and it has learned me a great lesson. So you Brethren can see now why I am going up on this board. And take it all thru and then I feel that I am justified in so doing. And if you Brethren will look at it in the light and consider everything I honestly feel that you Brethren will feel justified in giving me a termination.

Respectfully Yours,
Linus Hansen.
