FILE REFERENCE _____

Mr J E Evans Dist Attorney
Green Vlah
Dear Sir:

Replying to your letter of the 14th inst, in reference to state of Vlah v Lawrence Hamilton and note what you say as to his claim that he never held me up.

I was held up March 1st 1921 on 22nd st near the So Pacific shops about 11:10 A.M. by two men the above party who I later identified was the one that held the gun on me while the other party went through my pockets taking my watch which was all that I had on my person that was of any value. The gun used

FILE REFERENCE _____

I described to the authorities at the City Jail as a 32 Cal nickel plated which as I understand was the same as was found on this party together with the watch.

I also identified this him in the Co Jail among a number of others.

At the time he held me up he stood facing the Carmichael light giving me good enough view of his face and etc to make identification easy.

I would not want to see an innocent party suffer for the crime of another but there is no doubt in my mind but what Hamilton is the man that held me up.

Yours truly
C.R. Wane
