Mr. Martin Wise

Atahuate Prison

Salt Lake City

Dear Sir,

I am writing you a few lines to say

I kind of like some of the men in the

prison but I like you best of all.

Kindness is the best thing in the

world and I have it every day.

I am not a doctor but I would not promise

to cure you unless you had tried

as I do not keep many pills in winter.

I am not a doctor but I would not promise

to cure you unless you had tried

as I do not keep many pills in winter.

I am not a doctor but I would not promise

to cure you unless you had tried

as I do not keep many pills in winter.
