

Mr. H. H. H.

May 13/1925.

I feel justified in consulting you because of my condition, and my people don't know quite what I've been through and my present condition. My trouble the source is being uncircumcised before leaving home summer 1919 at age 15, difficulty the cord underneath penis getting so taut unable to discharge normally, hence masturbation resorted to until now. Trying to hold a job was discharged several ^{times} and took the liberty to change name. Sometimes by some mistake not receiving wages before leaving. Some places where money is due are the P. money in Oregon short line building, Salt Lake, in building west omaha, B. B. building omaha, aish fire clay Co. Vandalia Mo. and Western stone were company Monmouth Ill. under right name except Walsh fire clay and western stone which Clarence Johnson. Lost some blood in 1921 by accident ended in mental hospital California where secured second mental hospital was tubed not knowing my intestines were drawn up from loss of blood from right side of calf legs. Also lost blood again here day was circumcised when stick broke and persuaded by inmates to take off bandage intestines drawn up little more also cord little more taut. Blood transfusion needed now as before although more now. Father dead family need support house old and need repairing and rebuilding on way home and unable to get work when got in here, although had chance to go to prove when condition and circumstances were known yours sincerely, Clifford Jackson.
