

April 13, 1925.

Mr. Harvey H. Cluff,
Secretary State Board of Pardons,
Capitol Building,
Salt Lake City, Utah.

Dear Mr. Cluff:

My attention has just been called to a promise I made to one Charles Friedman, who was sent to the State Prison from this County. The charge was Burglary in the Second Degree. This boy was a stranger in Price and by reason of some circumstances broke into a house. From his demeanor while in jail and his frankness in Court, I think that it is very possible that he can be made into a good man.

If his conduct in the State Prison has been such to justify a favorable consideration of his application, which will be filed shortly, I would urgently request that his sentence be terminated or he be pardoned.

Yours very truly,

Bea Watson
