We received a letter from Mrs J. A. Owens stating if we could obtain a recommendation from Judge Harris (the judge who tried the case) for the termination of sentence. And he gave us a duplicate of the recommendation he sent in.

The family will greatly appreciate any thing you can do in his behalf it being the first stain that has ever brought on the family name.

And we are thoroughly convinced that he is innocent of this charge.

Regarding the girl he married, we believe she has sincerely repented of her wrong doing. I will be down a few days before the Board of Pardons meet and will be pleased to call on you.

Thanking you kindly for the interest you have shown.
