Dear Sir:

RE: Elmer Calder, Application for termination.

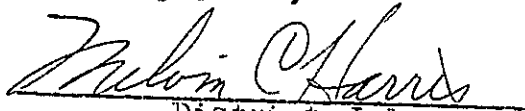

This application is in accordance with the recommendation made and filed with the Board of Pardons at the time of sentence, that the defendant be required to serve three months. I have no new information about the case and if the defendant has given the prison officials no trouble, it is my recommendation that the petition be granted.

Re: Noble Hansen.

I have no new information about this case, nor do I recall what recommendation was made to the Board at the time of judgment, the record of which is in Box Elder County.

The above is written pursuant to your request of March 6th, 1925.

Very truly yours,

District Judge
