

that Okey is ³ with out a mother,
and a Cripped, and has
been from birth, and all
of his life almost an in-
valide. It is I, his oldest
Sister, who has watch and
motherly over him and cared
for him. He has never been
strong and almost all of
his life in W's hands
and hearing of Mr Abraham
treatment he decided to take
his treatment. So that how he
came to be so far away from
home and how he ever came
to get in to such trouble, I can't
understand, as he had
plenty of money, and while
on his way sent home for
more money. But it was return
home. So Dear Warden in
my weak way, an Almighty
God Help I ask you to try
and help my brother get out
at the ^{next} meeting.
