

I am sure all ⁴you can say
and do for him will be grate-
fully appreciated and never for-
gotten by a loving sister. But
among these Old West-
Hills, who think of him as
the days go rolling by. O I
pray to God. That Rule of all
the will in some way show
a way out and let him
come home to me once again.
He is the only brother I have
living and I ask you again
Dear Warden to do some thing
or say a word that will help
the Warden try to get home
There be more regretting over
my brother home coming than
there ever has been before.
Will you have a talk with
Okey and find out his circum-
stances of his case and write me a
letter and let me know if there is any
thing you can do for him I am
sure all you can do or say will
be gratefully appreciated and
never forgotten by a loving sister.
