

I recently read a divorce from this
man and the crime he committed
against me I will not soon forget.
I think he is a little bit crazy es-
pecially on two subjects women &
money & wives after he married me
he was keeping company with a woman
at Daniels Wyo. also corresponding
with other women leading them to
believe he was not married. I have
some of the letters from these women.
He was dodging the law in Ill. on a
wife abandonment charge when he fell
into the clutches of the law in Utah.
Prison is the correct place for
him and I firmly believe he ~~should~~
should be there. He has been a
crook all his life & paid out. He has
a record for some dirty work in Cal.
