this note as the signers are not worth  
it. I must pay this money back  
with interest. So there anything  
the pardon board can do to help  
me recover this money? Can't you  
make it a provision of his parole  
that he get a job and pay me back  
this money? Any thing you could  
help me would be deeply appreciated  
and I do hope & pray that you  
can. He is a bad character one  
of the very worst there is and his  
parole provisions should be  
very strict.

Respect Yours  
Mrs. Florence H. Catell
