

Maxine Williams

Mrs. Blackett I wish you would please state this fact for me to the board of pardons that I have been here 9 months on the 23rd this month, And of course they know I was a drug addict that I am entirely well have been since I came out here.

That my mother is old and is confined in the home all the time and she isn't able to take care of herself. That I have a little girl who lives with her I want go home so I can be with them.

Also I want to be paroled to my father he wants to take me home and he is able take care of me until I can get a position.

My husband is dead and that my little girl is depending on me and mother to care for her.

Mrs. Blackett I will appreciate you doing this for me. If I make it fine. If not I will be just the same. And I thank you Maxine.
