

STATE OF WISCONSIN)  
COUNTY OF MARATHON) SS

W.A. Green, being duly sworn on oath, deposes and says the following:

I am a duly licensed physician authorized to practice medicine in the State of Wisconsin and have resided in the City of Wausau, State of Wisconsin the last fifteen years.

I have been informed that Harry Hett, son of William Hett, deceased, and formerly of this city, has been sentenced to death at Salt Lake City, Utah, the execution to take place on March 21, 1924; also that Harry was sentenced under the assumed name of George Allen.

I personally knew said Harry Hett from early infancy, and during, or about the year 1910, I attended said Harry Hett during a severe attack of cerebro-spinal meningitis with which he was affected. Said Harry Hett was near the point of death from this attack of cerebro-spinal meningitis, and after the illness had passed, he failed to recover his normal mentality. The mother, of Harry, and numerous neighbors and relatives, besides myself, noticed and at various times commented on the lowered mental condition being manifest by a lack of normal acuteness of perception and by slow response to mental stimuli. From the time of said illness Harry failed to develop in mental acuteness and moral responsibility at the rate which normal children of his age should develop. It is my opinion that since the above mentioned attack of cerebro-spinal meningitis said Harry Hett has never been of normal mentality or of normal moral responsibility.
