

when the rest had forgotten me and
this alone made him dear to me.

Please Oh! Please Governor Derr,
spare my poor brothers life. It is
bad enough to have both my parents
gone, but to lose my brother would
mean to lose faith in life and everything
worth while. You can save him, you
alone and I am sure that when you
think this matter over and put
yourself in his position you can
do no other than to grant him his
life. Think of his deprivations, his
loss of mother love and home training,
his sickness and hard bitter life,
you will see and understand why the
poor boy here.

I wish I could see you and talk
with you. I am sure I could make
you see and understand this sad
situation.

I am praying to God everyday, that
his life be spared and I put my trust
in Him.

Again I ask you to show your mercy
and power and for my sake and his
sake, please save him from the terrible
fate that awaits him.

Yours Respectfully
Mary E. Nett.
