

LONGVIEW, PORTLAND & NORTHERN RAILWAY COMPANY

192

FILE NO.

Mr. Ward I am in a position at present to help him get a start in a new country, either on my own work or for others on heavy machinery if he so prefers. We are starting a second shift on a drag line about July 1st which will require double shifting in other branches. This drag will likely work most all of next winter.

I mention these facts so you will see he has something definite to come to.

Can furnish you references such as City officials, Chief Police, Longbell officials, business houses both here and Portland.

Mr. Ward if you will help me in this matter you will greatly oblige me.

Hoping to meet you in Portland at the July convention, I remain,

Respectfully yours,

E. L. Wolfe,

Longview,

B4354,

Wash.
