Chairman, State Board of Pardons,  
State of Utah,  
Salt Lake City, Utah.

Gentlemen :

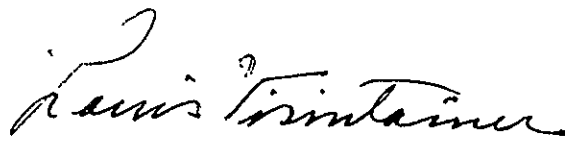

In considering a Pardon for John Noorlander, at present  
confined in your State penitentiary, I wish to submit for your earnest  
consideration facts as follows :

That this man was in my employ from December, 1923  
to July, 1924.

That during the above period, Noorlander was most con-  
scientious with his work and most responsible when left in charge of my  
business. I found him honest and upright in every respect and I still can-  
not believe that he would do anything which would make him a criminal.  
He always treated with the deepest respect all those he came in contact with -  
both men and women.

I ask you to give this case every consideration.

Respectfully yours,

  
Louis Visintainer
