Dear Justice Frick

I am writing you these few lines asking if you will kindly help, and do what you can for my son Arthur Meier an inmate of the State Prison there, for some over a year now,

I will try and explain to you, and hope you will understand and consider his case, he is so young only 19 years the 20 of last december and he has suffered a life-time of sorrow in the little over a year he has been there and has bitterly repented for his wrong. Dear Justice pray do what you can for him, and believe me

when I say he was always a good boy and this is his first wrong, will you kindly put his case before the Board
