SALT LAKE CITY.

UTAH.

Nov. 29, 1914.

Hon. H. H. Cluff,

Attorney-General,
City.

Honorable Sir:

I wish to apply to your Honor as Attorney General of this State for consideration at the December Session of the Board of Pardons, of both my own case and that of my wife. On the grounds that since our cases were last considered by the Honorable Board I have been provided with transportation for both myself and wife to San Francisco, Cal. where I am offered a good home and employment, I beg consideration at this time that we might be in a position to accept this opportunity to go forth into the world and take up useful citizenship, profiting by our past errors. In view of the fact that I heard in an off-hand manner that the Honorable Board was opposed to releasing us in this community I have made the preceding arrangements and would greatly appreciate a rehearing on those conditions.
