

Mr. Gene Owens

Dear Sir

I thought I would write a letter to you regarding my Bro George Gardner which is prosecuted for the killing of our town and deputy sheriff. Gardner could you kindly do something to spare his life for he hasnt been trained to be a murderer. our Mother was a widow and she always taught us to do right and we always tried to do right but since Mother died my Brother has kind a strid away from us girls but he has always been honest and true and has never done wrong before and he is the only Bro we have and we sure do feel very sorry and I know he must have been forced into this trouble or he would never have done such a thing and I dont think he has had justice and I would sure like to have you help him if you can I will close
