May 24th. 1924.

Hon. G. A. Iverson,
District Judge,
Salt Lake City, Utah.

Dear Judge:-

I received from you a few days ago,
a letter relative to the case of the State of
Utah, vs. John C. Neel, who plead guilty before
you to the charge of Burglary.

From my investigations of this matter, I find
that without doubt this man was drunk, at the time
that he committed the crime, and also that he with-
out got in to bad company; previous to the time
that the crime was committed, he appeared to have
a very good reputation, and I feel, that, that if
he was to be let out now and his sentence terminated
that justice will have been satisfied, that the
young man has fully paid the penalty, and that he
has learned a lesson, which he will never forget.

From my investigation, Neel did not take any
the time.

Very truly yours,

J. E. Johnson
County Attorney.
