Mr. Walker T. Gunter
Utah Savings & Trust Co.

Dear Sir:

This is to say that I have known Glenn H Learned for a period of several years, that I have always considered him a man of ability and good intentions. He has always been prompt in payment of debts contracted for medical service, and I am inclined to think that his period of incarceration has been such as to serve every purpose that would be served by a longer period of confinement. I think in this case, justice has been served and that Glenn will demonstrate that he is capable of self restraint and able to live the life of an honest man.

Yours very truly,

W. R. Calderwood
