Dec 15/24

My Dear Governor,
It is a matter of sympathy, & justice that prompts me to write to you at this time, understanding, that the board of pardons, are meeting the latter part of this week & that perhaps, the name of Mr. S. W. Ross, will come before your honourable body, asking for pardon, believing as I sincerely do, that he has by this time, fully seen the error of his way, in punishment that has come to him. & that justice has been meted out to him, & that mercy should now be shown.
