Mr. J. E. Frick

Salt Lake City, Utah.

Dear Sir:- For 20 years I have known
S. W. Ross. He was a good man, a
progressive citizen, a true husband
and father.

His family need him, he has
repented, he has paid the penalty to
the state. I feel that every body
would be better off if he were given
a chance to make good and to
reinststate himself in life.

I am pleading for his pardon
and sincerely trust that you will
see fit to so lend your vote.

I am very truly yours

H. C. Holbrook
