S. W. Ross

Dear Governor:

I was shown a letter to day where the State officials testify that the loss caused through the action of S. W. Ross had been fully satisfied, and believing that Mrs. Ross and the family need his support; and thinking perhaps too that he has been in the Penitentiary long enough to learn him a valuable lesson, would like to see him given his freedom. I am concluding that everything is satisfactory. Of course you know the details better than I, but we believe his family needs him.

If anything can be done to give him his liberty it will be appreciated by him as well as by

Yours truly,

Stephen L. Chipman
