

Lester White

Denver, Colo. Nov-27th 1924.

Hon, Judge J. E. Frick,
Salt Lake City, Utah.

My Dear Sir:-

I am writing you in regard to Lester E. White who is serving time in the Utah State Prison. Now what I would like to know is if you would feel that you could help me to take Lester out of the Prison. He has been there going on to three years, and if you feel that he has served time enough for the crime he did, and if he is worthy of his freedom I would be pleased to take him to my home and help him to get a start in life.

From the tone of his letters I believe Lester wants to do right, and with my care and attention to him I think he would make a good man.

I am perfectly willing to give him my attention and help him all I can. I will see that he gets employment soon, and just as soon as I can I will get him in a business of his own. Lester is a Barber by trade, and as I understand he is a very good workman, so I think I would have no trouble to start him off in a new life.

In Dec- I will come to Salt Lake so as to be there when the Hon-Parden Board meets. Then if there is any thing I can do to help Lester I will willingly do so.

However I will leave it all with you, and what ever you do I will feel is for the best. I would not like to take Lester to my home if I thought he would cause me trouble at any time, as I have to much work to do and do not feel that I could mix trouble with my work.

Lesters Father is now 70 years old and is very anxious for Lester to gain his freedom. His Father lives in Nebr. and he writes me if Lester can come to my home he will come at once to see him. Lester is from a very good family and I can not see any reason why Lester would not be perfectly good all the time. It is my thoughts that he will.

I will not trouble you now with any more writing but will see you in Dec- if all is well.

Sincerely,

Mrs J S Mather

P.S:-

I am Mrs. Bradford's Mother. Mrs. Bradford called to see you in October. I think about the 23 was the time she was there. She is in Calif., now, may stop in Salt Lake on her return home which I think will be some time about the 5th of Dec-

Mrs. J.S.M.
