July-5-1922,

Justice J.E. Frick,
Salt Lake City, Utah,

Dear Judge:-

I notice by the Salt Lake Tribune that one Gust Zaharopolos, one recently convicted from this county for Pandering, petition is before the Board of Pardons for termination of sentence.

I would like to enter protest against any action whatever which would in any way relieve this man from the serving of his FULL TERM. Gust has never made an honest dollar since I knew him, he was engaged in the bootlegging business in the reservation before coming to Helper, while in Helper he was a continuous violator of the prohibition law and made his money from the unfortunate women.

He has repeatedly been before me for various crimes along these lines, was at one time in the penitentiary for the murder of his wife and is an undesirable citizen.

Before terminating his sentence I wish that you would kindly look up this man's record and if so I feel sure that you will not be favorable to any change in the matter.

Thanking you very kindly for any consideration which you feel this letter is due, I beg to remain,

Yours very truly,

J. W. Hammond
Justice of the Peace in and for Price
Precinct, Carbon County, Utah.
