

out of the way every Guard here can tell
you about me I have never had any
trouble with any body My People
is good Manners and they always
taught me to honor every body
and do unto others as I would wish
to be done by My Father died while
I have been there and that leaves my
mother alone and she needs help
very bad and if you will help
me out of here I will appreciate
it and I'll promise you that I never
will do any thing to get into trouble
again I feel like I had been punished
enough it sure has taught me a
lesson I want to get out as quick as I can
so I can work all summer I am not
a Town Man I work in the country
and I dont use any kind of drugs
I am not so bad as some think I am
and I hope you will look into my case
and give me a chance Thomas Jurell 4266
