

I am in the State Prison and I am writing
you a few lines trying to explain my
case I am a working man and the
charge they had against me didn't
amount to any thing there was a fellow
in the county jail when I was there
that did just the same kind of a
thing as I did and he got 60 days in the
county jail and I was sent up here
from six months to three years
and I will be here 7 months when the
board meets and I was in the county
jail about 2 months I will tell you
what I did I got a few old clothes out
of a rooming house I am ashamed to
tell you this but I did it and I
am ashamed of it and while I have
been here I have worked every day
and I have never had the Warden
or a guard to say a word to me
