

UTAH STATE PRISON,
SALT LAKE CITY, UTAH.

✓

My sole reason for expecting my release is based upon my record here and the amount of time I have already served on such a short sentence, furthermore, I have employment waiting for me, but if I am released in mid-winter I would have no place to go but astray. These reasons I firmly believe justifies such expectations, and will greatly appreciate any kindness that your honor can extend me.

As for my record since my incarceration here, I must say that it cannot be any better. I have been steadily employed since my confinement and at present I am working on the farm and have been for the last 4 months.

My residence for the past 22 years has been Salt Lake City, but upon my release my intentions are to leave the State of Utah, and never to return, as I am much awares as to my being an undesirable citizen in Salt Lake.

Realizing that my aim and purpose in life is not in getting and possessing, but in becoming and being, I must leave my accustomed haunts and start life fresh. So to accomplish such an attainment, I appeal to your honor for a conditional termination of my sentence.
