I was deserted By my husband at
Vernal Utah on the 15 day of last
November because I was so bitterly
against in Toxicating licor and told
him that if I live my son should
never look at a gain if I had my
say he got mad at me and
got in his wagon and drove
a way leaving me with only \$5.00
in the house to live on we had a nice
little home in vernal but had a state loan
on it for \$35.00 so I could not pay it I
could not pay the taxes and interest so I
had to leave it to a man to pay the
taxes and interest so you can see what
kind of a condition I am in so if you
can do any thing to help me it will sure
be appreciated a Thousand times

I will close By wish you success in life
