

defendant made a clean breast of the whole matter when arrested and his information enabled the officers to recover practically all of the stolen property and at the time of the arraignment and plea the District Attorney strongly recommended to the court the imposition of the minimum penalty provided by law.

The Court is, therefore, of the opinion that this defendant ought to serve in the State Prison for a period of one year provided, of course, that his conduct and behavior while incarcerated shall be proper.

Respectfully submitted,

George Christensen
Judge.
