

regard to the ²time of the
meeting and also what he
could recommend in the
case. I am sure George
will be willing to work
here in Salt Lake if
he can get work for the
summer, unless you
would rather he would
leave the City. In which
event I am ready to go
with him, for I want to
keep him in sight from
now on if I can. I would
like to get him some clothes
and shoes in particular
but after paying my rent
for this month, I have but
\$4.00 left so if he is released I
think he would prefer to work here
until he can get some money for
clothes and to travel on. Ma Louie Clark
