Dear Sir
I hasten to reply
that is my boy of
course sure it is a game
boy. He is a good laugh
clark and I am so
anxious to procure
his pardon even if
he should stay in
Idaho and he writes
me that he might
be able to procure
a position as an
instructor in painting
somewhere in Idaho,
and I will come there
if I can do any good
although my finances

-2-
are limited and I
would have to come
to go on at the work
and the boy too there
in Salt Lake City, in
order to make money
enough to get on again.
But he is a good worker
and I am holding down
a job of painting here
at the Parco Inn
in connection with
my work which I
tried to hold on to
but I can't do it there
and it would spare
him a week or so in
and his board and
room. Then I have
bought a tent for a
little while in the summer
but he is afraid he

-3-
may not be able to
get out of Idaho while
and I have written to
him not to try if it
is what the Board
of Pardons dissects.
I will come there
I haven't seen him
for nine years but
I am sure I would
know him and we
will both have to
begin and work for
each other.
Please excuse me
as I am writing this
at the home of a friend
where there is not even
to have a pen but I
am sure you will know
that I meant
True Louis Clark.
