BOISE, IDAHO,

to put him thru his senior year.

I believe his record is absolutely clear while in the Utah Prison; he has done considerable work there in his line of trade - painting. He is an artist of considerable ability and I believe the excess of "temperment," has in the past caused most of his trouble - but that with the more mature viewpoint, and the lessons of this past year - that he will not have further trouble.

I shall continue to keep in close touch with him, and lend him all the assistance I can - both moral and physical. Supt. Siders of our City Schools is interested in him, and will be glad to assist him in his effort to finish High School.

It has been my honor and privilege to have George call me "Mother Doud," and it is in this role I write to you.

Very truly yours

Frankie Carlton Doud
