Dear Governor Mabey:-

I trust you will be able to recall my visit to you last Jan. in behalf of my son George McDonald. At that time you gave me a kind invitation to write you before his case would come up before the Pardon Board. His case comes up some time this month, and as his mother I pray you to give him back to me. He has undergone many changes since going out there. His letters to me showed true repentance and a great desire to begin a new life, and I am sure if he is given a chance he will make good in every way.
