He is only a boy governor; and  
the loss of his freedom, and  
the humiliation of being sent  
to prison has served every  
purpose that punishment  
can serve.

My great desire governor is  
to have him come to me, as  
his mother I can help him  
to begin his new life away  
from his old associates.

A mother's prayer goes  
out to you governor to give  
me back my boy.

Yours very sincerely
