State Board of Prison Directors
Salt Lake City, Utah.

Dear Sir:-

I am writing you in
behalf of my son George
McDonald whose case comes
up before your Board this
month, and as his mother
I pray you to give him a chance
to make good.

His letters to me show true
repentance and a great desire
to begin a new life, and I
am sure if he is given a
chance he will make amends
and become a useful citizen.
He is only a boy, and the
loss of his freedom, and the
humiliation of being sent
to prison has served every
purpose that punishment
can serve.
