ask is a chance to prove  
things. Clear and get this blotted  
out Mr. Cluff. My reputation is  
what I have been fighting for  
and I would have never had  
this work if my evidence  
had been before the Supreme  
Court. My evidence was stricken  
out to different times or over-  
ruled through not being filed  
in proper time in Brigham  
and Mr. J. P. Calks death is the  
cause of them not being  
filed in proper time so  
his brother claims. So I feel  
my evidence will be heard  
before this honorable board  
of pardons and decide for them-  
selves whether or not I have  
been treated fair or not
