Dear Sir:-

I must apologize for my delay in attending to your request that I write the Board of Pardons in your behalf. I have been absent from Price a great deal and overly busy and thus the delay ensued.

I am heartily in favor of your being pardoned. I have written the board as per copy enclosed herewith. I trust it will assist in bring about your release and that if released you will take to heart the lessoned forced upon you and be careful of the choice of your companions, and always remember that this one unfortunate association was the cause of your trouble. I believe from what I know of you that you will make good if given the opportunity and as my main hope is to help along the way, I gladly complied with your request.

Very truly,

GJC:jn
