

months total incarceration in Price, Utah, before coming to the Prison. This was mostly prior to my conviction, and part prior to being removed to the State Prison. Aside from that, I was out on Bond for nearly three months after I was convicted. I have been in this trouble, just a few days less than one year. I was never in any trouble before. I am just 21 years old, now.

6.- The Hon. George Christiansen - Judge; Presided during my trial. Hon. George J. Constantine, prosecuted the case.

7.- I have worked continuously, since entering the Prison, in its dining room, and at my own request. I have been in no trouble, in here.

8.- If your Hon. Body will act favorably upon my application, I give you my word of honor, that Byron E. Foss, will not be heard of, as in legal trouble again. I wish this chance to prove that I mean right and ever try to live that way.

Most respectfully submitted.

Signed - Byron E. Foss. -
