Governor Charles Mabey;  
Honorable Sir;

Some time ago I wrote you concerning my husband, John Aime, who is in the Salt Lake Prison. I received a card from your Secretary informing me that my husband would be free the 3rd of June. I am grateful that he will soon be out but in the meantime I and my children must live. I find it hard to secure even food for them as help has been refused me all over. The county cannot help me as we have not been residents for two years. I am enclosing a letter sent my husband by a local store when asked for credit. It is the same everywhere and I know not where to turn. If there is any way in which your influence would secure us aid, it would always be remembered. Thanking you for your kindly interest  
I am

Respectfully,  
Mrs. John Aime. \_\_\_\_\_
